EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Robert Lewis on 01/26/2006.

The application has been amended as follows:

Cancel claims 18-24;

In claim 1, line 14; after "carriers" insert --on the outside surface of each carrier--;

In claim 25, line 17; after "carriers" insert --on the outside surface of each carrier--;

In claim 30, line 1; delete "30" after "claim" and instead insert --29--.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or suggest the combination of the claimed apparatus for assembling a plurality of storage media carrier into a single assembly as amended and supported by the reasons provided in the remarks of the amendment filed on 11/21/2005.

As to claim 1; the prior art of record fails to disclosed the combination of the claimed apparatus comprising an applicator adapted to position and support a cover strip from a source in overlaying and spaced relation to the outside surface of the carriers, while the cover strip to be applied has a longitudinal axis parallel to the longitudinal axis of the row of carriers and parallel to the direction of movement of the first conveyor; a drive member movable in the direction of

the longitudinal axis and in an indexed manner with the first conveyor and at least one carrier thereon and operable to move a respective cover strip to a position for engagement with underlying carrier downstream of the glue deposition (Fig. 9; via drive mechanism 195); and a spacer mechanism adapted to space the carriers in a sequence at a predetermined locations from one another along a first conveyor portion prior to application of the cover strip to the carrier.

As to claim 25; the prior art of record fails to disclose the combination of the claimed apparatus comprising an applicator adapted to position and support a cover strip from a source in overlaying and spaced relation to the outside surface of the carriers, while the cover strip to be applied has a longitudinal axis parallel to the longitudinal axis of the row of carriers and parallel to the direction of movement of the first conveyor and a drive member movable in the direction of the longitudinal axis and in an indexed manner with the first conveyor and at least one carrier thereon and operable to move a respective cover strip to a position for engagement with underlying carrier downstream of the glue deposition (Fig. 9; via drive mechanism 195).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
